## In-Page Links

We found a total of 9 links including both internal & external links of your site

No Anchor Text	Internal Links	Dofollow
About Us	Internal Links	Dofollow
Services	Internal Links	Dofollow
Contact Us	Internal Links	Dofollow

[email protected]	Internal Links	Dofollow
No Anchor Text	External Links	Dofollow

While there's no exact limit to the number of links you should include on a page, best practice is to avoid exceeding 200 links.

Links pass value from one page to another, but the amount of value that can be passed is split between all of the links on a page. This means that adding unnecessary links will dilute the potential value attributed to your other links.

Using the Nofollow attribute prevents value from being passed to the linking page, but it's worth noting that these links are still taken into account when calculating the value that is passed through each link, so Nofollow links can also dilute pagerank.
