1. **SEO** - Search Engine Optimization. It's a process of making your website more visible to search engines like Google, Bing, and Yahoo.

2. **Content** - The information you provide on your website. It can be text, images, videos, or audio. High-quality, original content is key to attracting and retaining visitors.

3. **Keywords** - Words and phrases that people use to search for information. Researching and using the right keywords helps search engines understand your content and rank it accordingly.

4. **Backlinks** - Links from other websites that point to your site. These are like votes of confidence and can significantly impact your search engine ranking.

5. **Mobile** - With more people using smartphones and tablets, it's crucial to ensure your website is mobile-friendly and loads quickly on smaller screens.
