1. **SEO** - Search Engine Optimization. It's a process of making your website more visible to search engines like Google, Bing, and Yahoo.

2. **Content** - The information you provide on your website. It can be text, images, videos, or audio. Good content is relevant, informative, and engaging.

3. **Keywords** - Words or phrases that people use to search for information. They are the bridge between what you want to say and what your audience is looking for.

4. **Backlinks** - Links from other websites that point to your website. They are like votes of confidence and can help improve your search engine ranking.

5. **Analytics** - Tools that help you track and measure the performance of your website. They tell you how many people are visiting, where they're coming from, and what they're doing on your site.
