1. **SEO** - Search Engine Optimization. It's a process of making your website more visible to search engines like Google, Bing, and Yahoo.

2. **Content** - The information you provide on your website. It can be text, images, videos, or audio. Good content is relevant, informative, and engaging.

3. **Keywords** - Words and phrases that people use to search for information. They are crucial for SEO.

4. **Backlinks** - Links from other websites that point to your website. They are a sign of authority and can help improve your search engine ranking.

5. **Analytics** - Tools that help you track and measure the performance of your website. They provide insights into user behavior and search engine trends.
