1. **SEO** - Search Engine Optimization. It's a process of making your website more visible to search engines like Google, Bing, and Yahoo.

2. **Content** - The information you provide on your website. It can be text, images, videos, or audio. Good content is relevant, informative, and engaging.

3. **Keywords** - Words or phrases that people use to search for information. They are important for SEO because they help search engines understand what your website is about.

4. **Backlinks** - Links from other websites that point to your website. They are important for SEO because they show that other people find your website valuable.

5. **Analytics** - Tools that help you track and measure the performance of your website. They can tell you how many people are visiting your website, what they are doing, and where they are coming from.
